

March 15, 2019

It is my distinct pleasure to announce, on behalf of the Village of Waterford Village Board, that our community is open for business. Over the last year, citizens, developers and business owners have created a community vision expressly designed and crafted to appeal to the real estate development community.

Utilizing only the most modern of practices, the Village of Waterford's team of highly experienced consulting firms and skilled urban planning professionals have rewritten our Master Plan, Zoning Code, and Land Division Code, allowing me to proffer with absolute confidence and pride, a community poised for investment across industrial, commercial and residential categories unsurpassed in all respects by any of our neighboring communities in Southeast Wisconsin. See attached concept plans and lot pricing sheets for development opportunities on Village owned or controlled properties.

Anticipating the enclosed materials will meet with your interest, I am looking forward to developing a long and mutually prosperous association.

I extend to you in advance, my sincerest gratitude for your time and consideration.

Zeke Jackson  
Village Administrator
